Crooked Creek

I haven't seen any news in The Press from this place for some time, and concluded to get up the items again.

Health is reasonably good.

Miss Anna Slinkard and brother

Is your Cigarette a miser?

Some are, you know. They can't help holding back their full taste—it's part of their "make-up."

It's different with Favorites. There's a cigarette that gives freely ALL the hidden taste, and aroma, and "body" that some cigarettes just can't give you.

Why do Favorites give you all? Because their extra free-drawing STRAIGHT CUT tobacco makes them do it!

Try Favorites today. You'll notice the difference between ALL-flavor and part-flavor, with the first puff.

E. LECTON.

A man should not be too hasty in making up his mind as to whether or not he is going to vote for the road bond proposition. He should first understand the plan fully and the law regulating bond issues. No man can cast an intelligent vote until he knows all about what he is voting on. That's why the committee in charge thought it best to conduct a campaign of education. Arrangements are being made to obtain the services of competent and practical road men to speak in every school house in the county, if

possible, so every voter may be informed as to what he is to vote on. The campaign will be started soon and the dates of the speakings fully advertised.
